Last updated: June 11, 2026

**Draft policy document for review before publication.**

## Important notice

These Terms & Conditions are a practical website policy template prepared for BreastScreening-AI. They should be reviewed by qualified legal counsel before publication or reliance, especially because the project operates in a healthcare-adjacent field.

## 1. Acceptance of these Terms

By accessing or using the BreastScreening-AI website, pages, forms, content, social links, newsletters, or related public materials, you agree to these Terms & Conditions. If you do not agree, please do not use the website.

These Terms apply only to the public website and related informational materials unless a separate written agreement applies.

## 2. About BreastScreening-AI

BreastScreening-AI presents information about an AI-enabled initiative focused on breast cancer screening support, research, collaborations, partnerships, and community engagement.

The website may include descriptions of research concepts, testimonials, recognitions, third-party links, videos, newsletters, and forms for survivors, clinicians, partners, or other interested users.

## 3. No medical advice or emergency use

The website is provided for general informational, educational, and project communication purposes only. It does not provide medical advice, diagnosis, treatment, triage, or clinical decision-making.

Do not use the website as a substitute for advice from qualified healthcare professionals. If you have a medical concern, contact a licensed clinician or emergency services as appropriate.

Unless a separate written clinical, research, or data-processing agreement exists, users should not submit patient-identifiable information, medical images, health records, or other sensitive clinical data through public website forms or contact channels.

## 4. Eligibility and lawful use

You agree to use the website only for lawful purposes and in a way that does not infringe the rights of others or restrict their use of the website.

You must not attempt to compromise the website, interfere with analytics or security mechanisms, scrape content at unreasonable scale, upload malicious content, impersonate others, or use the website to transmit unlawful, harmful, or misleading material.

## 5. Forms, newsletter signups, and communications

The website may link to third-party forms, newsletter services, video platforms, social networks, or other external services. Information submitted through those services may be processed under their own terms and privacy policies as well as any notices provided at the point of collection.

Submitting a form or contacting BreastScreening-AI does not create a clinical, advisory, employment, partnership, or customer relationship unless expressly confirmed in writing.

## 6. Intellectual property

Unless otherwise stated, the website design, text, graphics, logos, images, documents, and other materials are owned by or licensed to BreastScreening-AI and are protected by applicable intellectual-property laws.

You may view and share public website links for informational purposes. You may not copy, modify, reproduce, sell, or commercially exploit website materials without prior written permission, except where permitted by law or an applicable open-source license.

## 7. Third-party links and services

The website may contain links to third-party websites or services, including analytics, social media, video, newsletter, forms, partner, and publication platforms. These links are provided for convenience and do not imply endorsement of all third-party content or practices.

BreastScreening-AI is not responsible for the availability, accuracy, security, privacy practices, or terms of third-party websites or services.

## 8. Disclaimers

The website is provided on an "as is" and "as available" basis. While BreastScreening-AI aims to keep information accurate and useful, it does not warrant that the website will be uninterrupted, error-free, current, secure, or free from harmful components.

Project descriptions, research directions, partnerships, recognitions, or future plans may change over time and should not be treated as binding commitments unless set out in a signed written agreement.

## 9. Limitation of liability

To the maximum extent permitted by applicable law, BreastScreening-AI and its contributors, officers, team members, collaborators, and service providers will not be liable for indirect, incidental, special, consequential, exemplary, or punitive damages, or for loss of data, revenue, profits, goodwill, or business opportunities arising from use of the website.

Nothing in these Terms excludes liability that cannot be excluded under applicable law.

## **10. Privacy**

Personal data is handled as described in the Privacy Policy. By using the website or submitting information, you acknowledge that personal data may be processed in accordance with that policy and any notices shown at the point of collection.

## **11. Changes to the website or these Terms**

BreastScreening-AI may update the website, suspend features, replace links, or revise these Terms from time to time. The updated version will apply from the date it is published unless otherwise stated.

## **12. Governing law and contact**

Unless mandatory consumer or data-protection rules provide otherwise, these Terms are intended to be interpreted under the laws of Portugal and applicable European Union law.

Questions about these Terms may be sent to: [info@breastscreeningai.com](mailto:info@breastscreeningai.com).
